

Congratulations on your forthcoming Celebrations

-  Have you thought about what you'll do when it comes to taking to the dance floor for your first dance together?
-  Don't worry if you have never danced before, I'm a professional dance teacher and can help ensure your first dance is a memorable moment for you both and its fun!
-  Almost anything goes too – from Ballroom to Argentine Tango, mixing Argentine Tango with Modern Tango to Tom Lehrer's "The Masochism Tango" (which was great fun last year!); Latin American such as Rumba or more upbeat Rock n Roll....if you've a song in mind then even better. We have mixed two dances together too which was a great surprise for the wedding party!
-  We try to be as flexible as possible planning venues and tuition to suit your working week or weekend, just get in touch for a chat on 07930 624282.
